MTSK QUICK CHANGE SYSTEM

Now Available

New Range of Driven Tools with

MTSK QUICK CHANGE SYSTEM

Introducing a **New Range of Driven Tools with MTSK Quick Change System!**

- **Reduced overall size:** allow more flexibility and greatly reduced set-up time.
- **HSK-T standard:** used for the MTSK system delivers a tested and guaranteed taper and face contact.
- **Accurate tool positioning and repeatability:** plus great rigidity and flexibility.
- **No force needed to break taper free:** quick change clamping nut allows modular tool adapter to be easily ejected.
- **Full range available:** ER Collet Chucks, ERA Collet Chucks, Shell Milling Adapters and End Mill Adapters.
- **MTSK powRgrip System:** the optimal solution for tool clamping.
- **Only one hand needed:** new anti-rotation wrench increases safety.
- **Sizes available:** MTSK-63, MTSK-50, MTSK-40, and MTSK-32
- **Eliminates need for multiple driven tools:** use on any CNC machine fitted with our MTSK driven tool holders.
